

Did you know that you are now responsible for the new CMS and TJC Standards effective Nov. 16, 2017?

Are you ready for these new requirements to be a major part of your next survey?

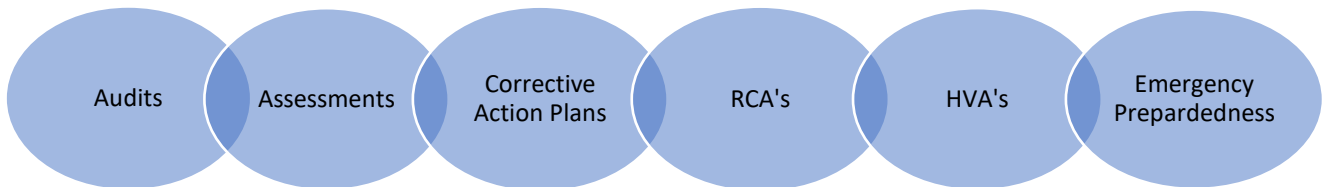

Take your Organization to the next level of Dynamic Compliance.

eCMS™ can dynamically measure real-time compliance. Our content rich solution automates processes to assess compliance with corporate objectives, emergency preparedness, policy and procedures, data capture and reporting.

The audit and assessment functionalities validate that your organizational objectives for Patient Safety are being met and all documentation, drills, scenarios and policies and procedures are in place to promote a Just Culture for patient safety while appropriate data is captured and accurately reported.

eCMS™ prepares your organization for all surveys as well as any emergency. eCMS™ was designed by Healthcare Experts and provides the foundation to gauge compliance with your goals and objectives.

eCMS™ automates:

Our comprehensive solution includes consulting assistance to ensure you reach compliance quickly and effectively. We recognize that each HCO is unique, our standard dynamic modules can be customized to meet your specific needs.
